To: Hunter Joseph, Director of Human Resources

Dear Hunter Joseph,

Thank you for interviewing me for the Junior Developer internship position you have open at ABC Technologies. I enjoyed talking with you and I am genuinely excited about this opportunity.

I am eager to learn new skills and look forward to being part of a development team that uses an agile process. As you suggested, I have already begun to watch videos about using Jira and Confluence.

I hope to hear from you soon. I am excited about working as an Intern at ABC Technologies. I am available May 9, 2022- August 12, 2022. Thank you for your time.

Sincerely,

Finley Silva
